Please state why you want to run for a seat on the PASD Board:

PASD serves an important purpose for trusts and estates attorneys in our community by providing educational and networking opportunities, facilitating improvements to the rules governing our practices, and coordinating communication between the bench and bar. I hope to help further that mission and those goals.

In narrative form, please summarize your relevant experience and qualifications to serve on the PASD Board:

For almost fifteen years, I have practiced nearly exclusively on trust, estate, and conservatorship cases. I serve on the court appointed attorney panel and have attended numerous seminars and workshops on issues relevant to our practice. I additionally write and speak frequently on issues relevant to trust, estate and conservatorship related issues.

Please provide any other information you would like to provide to PASD members supporting your candidacy for the Board:

I have made it a goal as the San Diego office managing partner at Withers Bergman to give back to our local community as so many other leaders in our profession and section do. This call to service includes participating in, presenting at and supporting several PASD programs and events over the past few years.
